8-BAY DOCKING STATION
SV-BODYCAM DOCKING STATION

The 8-bay docking station offers agencies fast and efficient operation by simultaneously charging and uploading files from up to eight SV-BodyCam units – all at the same time. Complete with two high-speed USB 3.0 interfaces for quick transfer rates, simply dock the body cameras and the 8-bay docking station automatically uploads all recorded files to the connected PC or FTP server. Once data is fully imported, all recorded files are then automatically deleted from each body camera.

MAIN CONTROL
USB HUB IC

INDICATOR
1 × Power Indicator
8 × Data transmission Indicator

USB INTERFACE
2 × High speed USB3.0 interface

BWC CONNECTING BAY
8 × 12-pin connector bay

POWER INTERFACE
1 × 12V DC port
