

SV-BODYCAM

BODY WORN CAMERA

The SV-BODYCAM delivers outstanding features including 160° wide field of view, super HD video resolution up to 1296p, and infrared night vision with effective distance up to 15 meters. Convenient one-key operation ensures quick access to record video, audio-only files, capture snapshots, as well as playback files on the built-in 2" color LCD screen. With up to 32 GB of internal video storage and up to 9.5 hours of continuous HD recording, the SV-BODYCAM effectively supplies video evidence of every police interaction from the officer's point of view.
