SUGGESTIONS

7" DIGITAL TFT LCD COLOR ALL ROUND VISION MONITOR

1 Safety

Use only DC 10V ~ DC 32V.

If liquid or dust leaks into the case, turn off power to the unit and consult an experienced technician before using.

2 Installation

Do not install the units in an extremely hot or humid place (radiator, air duct, etc.) or in a place subject to direct sunlight, excessive dust, mechanical vibration or shock. If your vehicle has been parked in direct sun light resulting in a considerable rise in temperature inside the vehicle, allow the unit to cool off before operating.

3 General cleaning information

Clean the unit with a slightly damp soft cloth. Use a mild household detergent. Never use strong solvents such as thinner or benzene as they might damage the finish of the unit.
